Classroom profile	The class consists of students with different language abilities. The students have the basic knowledge to read words that include /f/ and /ʃ/.
Rationale	Pronouncing words in any language is one of the crucial abilities. Thus, this lesson is important as it helps students master pronunciation of words using their phonemic symbols.

Main aim	To develop grade 9 students' pronunciation skills by enabling them to recognize, distinguish, and produce the target sounds /f/ and /ʃ/.	
ILOs	At the end of the lesson, the students will be able to, • Pronounce /f/ and /ʃ/ words accurately. • Identify the odd words in a group based on the pronunciation.	
Personal aims	• To give clear and concise instructions before each activity. • To ensure that quieter students also participate in pronunciation activities.	
Skills integrated	Reading, writing, speaking, vocabulary	
Anticipated problems and solutions	Problems	Solutions
	• Students may confuse between the two sounds. • Some students may be embarrassed to	• Model the sounds clearly and ask students to repeat them while watching the teacher's mouth position.

Classroom profile	The class contains 44 students with different language abilities. Majority of the students have a good set of vocabulary related to the passage.
Rationale	Reading is one of the language skills that has to be improved since a very young age. Thus, reading passages provides the students the opportunity to improve their language skills.

Main aim	By the end of this lesson, the students will be able to read and understand a short biographical text and identify specific information to complete a table about Leonardo da Vinci.	
ILOs	At the end of the lesson, the students will be able to, • Identify the main idea of a short biographical text. • Discuss information about a famous person with a partner/ group.	
Personal aims	• To give clear and concise instructions before each activity. • To engage in effective time management and reflective teaching.	
Skills integrated	Reading, writing, speaking, listening, vocabulary	
Anticipated problems and solutions	**Problem**	**Solution**

Classroom profile	The class consists of 44 students with different language abilities.	
Rationale	As students, they should be equipped with knowledge about society. Thus, this lesson helps students to understand different types of houses in which people live.	
Main aim	By the end of the lesson, the students will be able to name and define different types of houses.	
ILOs	At the end of the lesson, the students will be able to, • Identify at least 8 different types of houses from the pictures. • Describe a house using simple descriptive sentences.	
Personal aims	• To provide clear and simple instructions before the activity. • Encourage students who are less confident to participate. • Monitor students without interrupting their communication unnecessarily.	
Skills integrated	Speaking, listening, reading, writing, vocabulary	
	Problem	**Solution**

Anticipated problems and solutions		• Students may not know some of the vocabulary. • Students may confuse similar types of houses.		• Use the pictures to elicit meaning and give short explanations. • Highlight one or two distinctive features of each house.	
Stage	**Stage aim**	**Procedure**	**Interaction pattern**	**Time**	**Materials**
Lead-in	To introduce the topic and activate students' existing knowledge.	Teacher greets the students and shows a few different pictures of houses. (see appendix 1) Ask "Where do you live?" "What type of house do you live in?"	T-Ss S-S	5 minutes	Pictures of different types of houses.

		Students discuss briefly with a partner. Teacher elicits 2-3 answers.			
Pre-task	To introduce vocabulary related to different types of houses.	Teacher displays the pictures from activity 2. Students look at the pictures and try to identify the houses. Teacher elicits vocabulary and writes difficult words on the board. Briefly explain	T-Ss	8 minutes	Text book

		unfamiliar words such as teepee, igloo, houseboat, thatched house, mansion. Students repeat pronunciation.			
While-task 1	To develop students' ability to identify and match vocabulary with visual information.	Students work in pairs and match the numbers 1-11 with the correct names. After 3-4 minutes, teacher checks answers with	Ss-Ss Ss-T	12 minutes	Text books Writing books Pens Pencils

Classroom profile	The class consists of 44 students with different language abilities. The students have understanding of simple future tense in active voice.

Rationale	As grade 9 students there should be good understanding of formation of sentences in both active and passive voice. Thus, this lesson aids the students to learn simple future tense in passive voice.	
Main aim	By the end of this lesson, students will be able to form and use simple future tense in passive voice while being content with regular and irregular verbs.	
ILOs	At the end of the lesson the students will be able to, • Identify regular and irregular verbs. • Formulate passive voice sentences in simple future tense using given active voice sentences.	
Personal aims	• To give clear and age-appropriate explanations. • To use examples that are familiar to grade 9 students. • To encourage active participation from all students.	
Skills integrated	Reading Writing	
Anticipated problems	**Problem**	**Solution**

		• Students may confuse when identifying irregular verbs.		• Give a list of irregular verbs and discuss it as a whole class.

No. of students	42
Classroom profile	The class consists of 42 students with different language abilities. The students have an understanding of simple diction that is related to the lesson.
Rationale	Reading is one of the language skills that should be improved since a very young age. Exposure to language items can help students to master that skill. Thus, thus lesson provides students the opportunity to read and understand language.
Main aim	To develop students' reading comprehension skills through a text about travelling, enabling them to identify the main idea and specific information in the passage.
ILOs	At the end of the lesson, the students will be able to, • Identify the main idea and important details in the passage.
Personal aims	• To engage in effective time management and reflective approach.

		• To give clear instructions while ensuring student interaction in a physical classroom.			
Skills integrated		Reading, speaking, vocabulary			
Anticipated problems and solutions		**Problem**		**Solution**	
		• Some students may find the passage lengthy. • Students may focus on translating every word into Sinhala.		• Divide the passage into manageable sections and give a clear purpose for each reading. • Encourage them to understand the overall meaning first and use context to infer unfamiliar words.	
Stage	**Stage aim**	**Procedure**	**Interaction pattern**	**Time**	**Materials**

	in the topic of travelling.	Lanka. (see appendix 2) The teacher asks: “Have you visited any of these places?” “Where did you go recently?” “How did you travel there?”			
Pre-reading	To activate students’ background knowledge and encourage prediction before reading.	The teacher tells the students: “Ruvini is going to deliver a speech at the morning assembly.	T-Ss Ss-Ss	7 minutes	Text book White board Marker pen

		What do you think her speech is about?" Students look at the title 'travelling' and predict what they may find in the passage. The teacher writes 3 headings on the board: "Ways of travelling" "Reasons for travelling" "Benefits of travelling"			

		In pairs, students discuss and give possible answers.			
While-reading	To develop students' reading comprehension skills by identifying the main idea and specific information.	During the first reading, students read the passage silently once/aloud. Come-up with what they could comprehend. During the second reading,	Individual T-Ss S-S	5 minutes 8 minutes	Text book Text books

Classroom profile	The class consists of 42 students with different language abilities. They have a prior knowledge on word classes.
Rationale	Affixes are one of the important language elements to learn. Thus, this lesson provides the students a great opportunity to expose themselves to form new words using affixes.
Main aim	To identify common affixes, understand how they change the meaning of word class, form new words, and use the newly formed words appropriately in simple sentences.
ILOs	By the end of the lesson, the students will be able to, • Distinguish between prefixes and suffixes • Identify common affixes
