Lesson Plans – Week 4

HS/TE21/0003

Grade 9

Topic: Upcycling – Turning Trash into Treasure

Name of the teacher	HS/TE21/0003
Class	Grade 9
Date	28/10/2026
Time	40 minutes
No. of students	44
Classroom profile	The class consists of Grade 9 students aged approximately 13-14 years. The learners have different language abilities, while some students show greater enthusiasm in learning the language than others. They have basic knowledge of vocabulary and are familiar with common classroom activities such as individual, pair, and group work.
Rationale	Reading comprehension is an important skill for Grade 9 learners as it enables them to understand, interpret, and respond to different types of written texts. This lesson is design to develop students' ability to identify the main idea, locate specific information, understand new vocabulary from context, and answer comprehension questions based on a given text.

<table>
<tr><td></td><td colspan="2"></td></tr>
<tr><td>Main aim</td><td colspan="2">By the end of the lesson, students will be able to understand and respond to a reading passage about upcycling by identifying its main idea, specific information, and key vocabulary.</td></tr>
<tr><td>ILOs</td><td colspan="2">By the end of this lesson, the students will be able to,
1) Identify the main idea of the passage.
2) Identify specific information in the passage to answer comprehension questions.</td></tr>
<tr><td>Personal aims</td><td colspan="2">• To increase students' participation by using pair work, group work, and interactive activities.
• To manage the time effectively
• To encourage students to actively participate in the lesson.</td></tr>
<tr><td>Skills integrated</td><td colspan="2">Reading, writing, vocabulary</td></tr>
<tr><td rowspan="2">Anticipated problems and solutions</td><td>Problem</td><td>Solution</td></tr>
<tr><td>• Some students may confuse with the term 'Upcycling'.
• Students may confuse with some terminology used in the passage.</td><td>• Give students a clear explanation on the term before starting the lesson.
• Give students simple explanations of the words that are recognized as challenging.</td></tr>
</table>

Stage	Stage aim	Procedure	Interaction pattern	Materials	Time
Lead-in	To activate prior knowledge and introduce the topic.	The teacher displays some real objects to students (See appendix 1) Ask "Would you throw these away?". "What else can you make with these?" Write several answers on the board and introduce the term 'Upcycling'.	T-Ss	Pictures of real objects	5 minutes
Pre-task	To prepare students for key vocabulary in the passage.	Write 4-5 key words on the board: upcycling, disposable, creative, beneficial, environment. Give simple explanation or let students guess from context. Briefly check pronunciation.	T-Ss	Board Markers	4 minutes
While-task 1	To develop the ability to	Ask students for the main idea of the passage. Then, the	Individual T-Ss	Textbook	5 minutes

	understand the main idea.	students read the passage individually. Ask students "What is the passage mainly about?"			
While-task 2	To locate specific information in a text.	Students read again and answer questions 1-4 from the textbook. Students underline the relevant parts of the passage.	Individual	Textbook Pencils	9 minutes
While-task 3	To infer/ identify vocabulary from context	Put the three clues from question 5 on the board: • Advantageous • Recall • A set of steps for doing/ making something. Students scan the passage and find the words: "beneficial, remember, process" Check answers with students.	Ss T-Ss	Board textbook	5 minutes

Post-task	To encourage students to apply the reading to a real-life situation and use English creativity.	Divide students into small groups. Give each group one waste item: plastic bottle, yoghurt cup, cardboard box, newspapers. They are given 5 minutes to decide "What can we make from it?" "What materials do we need?" Each group is given 30 seconds presentation.	Ss-Ss		12 minutes

Topic – The Greatest Wealth

Name of the teacher	HS/TE21/0003
Class	Grade 9
Date	29, 30/09/2026
Time	40*2 minutes
No. of students	44
Classroom profile	The class consists of Grade 9 students aged approximately 13-14 years. The learners have different language abilities, while some students show greater enthusiasm in learning the language than others. The students have basic knowledge on vocabulary used in the lesson.
Rationale	Reading and comprehension is a crucial skill that should be improved by grade 9 students. Additionally, they should be aware of the importance of sequencing as a part of their comprehension. Thus, this lesson aims to improve students reading and comprehension, while improving their critical ability in sequencing.
Main aim	By the end of this lesson, the students will be able to read and comprehend a conversation, while being able to put sentences in the correct order.
ILOs	At the end of this lesson, the students will be able to,

	• Identify the key stages of a conversation and put the instances in a correct order.
Personal aims	• To give clear instructions. • To encourage active participation from the whole class. • To appreciate students for their responses.
Skills integrated	Reading, writing

Anticipated problems	**Problem**	**Solution**
	• Students may find it difficult to put the story sentences in the correct order. • Students may confuse in expressions such as "So do I" and "So am I".	• Ask students to identify time expressions and linking words such as once upon a time, one day, gradually, as a result. • Highlight the structure and provide examples. • Then give students short substitution exercises.

Stage	**Stage aim**	**Procedure**	**Interaction pattern**	**Materials**	**Time**
Lead-in	To activate students' prior knowledge about health and wealth.	The teacher shows the picture of the king in the lesson and asks "Who is this?", "What	T-Ss	Text book	10 minutes

		do you think has happened?" Ask students: "Is money more important than health?" Listen to the students' answers.			
Pre-task	To familiarize students with the characters, setting, and key vocabulary	The students are asked to look at the picture story without reading every sentence. Ask prediction questions such as "Who was the king?", "What happens to him?", "Who helps him?" Pre-teach challenging vocabulary such as	T-Ss	Text book Board	10 minutes

		‘generous, prosperous, lazy, overweight, unhealthy, rare herb’ Students predict how will the king’s problems be solved.			
While-task 1	To understand the sequence and main ideas of the story.	Students read the story and identify main idea with the help of the teacher. The teacher asks comprehension questions.	T-Ss Ss-Ss	Text book	20 minutes
While task 2	To develop detailed reading and sequencing skills.	The teacher directs the students to activity 1. Students first work individually	Ss Ss-Ss T-Ss	Text book Writing books board	20 minutes

		and number the sentences. Students compare answers with a partner. Conduct whole-class feedback.			
While-task 3	To identify expressions used to convey agreement/ similar ideas.	Direct students to activity 2. Read the examples. “I also like him – So do I.” Students find corresponding utterances in the picture story. Write examples on the board. Briefly draw attention to the verb used after ‘so’.	Ss Ss-Ss Whole class	Text book Board	12 minutes

Post-task	To encourage students to use the story language and show comprehension.	The teacher gives each group 4-5 key events from the story. Groups arrange them and prepare the story. The teacher encourages sequencing expressions. (eg: First, then, one day, the next day etc.).	Ss-Ss	Board Writing books	8 minutes

Topic- Physical Fitness and the Value of Exercises

Name of the teacher	HS/TE21/0003
Class	Grade 9
Date	01/10/2026
Time	40 minutes
Number of students	44
Classroom profile	The class consists of Grade 9 students aged approximately 13-14 years. The learners have different language abilities, while some students show greater enthusiasm in learning the language than others. The students have basic knowledge on vocabulary used in the lesson.
Rationale	Reading is one of the crucial language skills. Students should master the reading and comprehension skills at an early age. Thus, this lesson provides the learners the opportunity to read and understand a written passage while also allow them to focus on synonyms and antonyms.
Main aim	By the end of the day, the students will be able to read and understand the text “Physical Fitness and the Value of Exercises”, identify the main benefits of physical exercises, and the vocabulary from the text to identify synonyms and antonyms.
ILOs	At the end of the lesson, the students will be able to, • Identify the main idea of a text.

<table>
<tr><td colspan="2"></td><td colspan="4">• Identify synonyms and antonyms for given words.</td></tr>
<tr><td colspan="2">Personal aims</td><td colspan="4">• To give clear and simple instructions.
• To encourage active participation from all the students.
• Monitor students and help them where needed.
• Manage 40-minute lesson effectively.</td></tr>
<tr><td colspan="2">Skills integrated</td><td colspan="4">Reading, writing, speaking</td></tr>
<tr><td colspan="2" rowspan="2">Anticipated problems and solutions</td><td colspan="2">Problem</td><td colspan="2">Solution</td></tr>
<tr><td colspan="2">• Students may not understand words such as ‘physical fitness, tedious, and rejuvenates’.
• Students may try to translate every sentence.
• Students may confuse synonyms and antonyms.</td><td colspan="2">• Explain essential vocabulary using simple examples or synonyms.
• Tell them to focus first on the main idea and information required for the task.
• Give one simple example before starting the activity.</td></tr>
<tr><td>Stage</td><td>Stage aim</td><td>Procedure</td><td>Interaction pattern</td><td>Materials</td><td>Time</td></tr>
<tr><td>Lead-in</td><td>To activate students’ prior knowledge and</td><td>Ask students to come up with their ideas about</td><td>T-Ss</td><td>Board
Chalk</td><td>5 minutes</td></tr>
</table>

	introduce the topic.	physical fitness, exercises, why exercises are important. Elicit some answers and ask students to guess what the lesson is about.			
Pre-task	To prepare students for the reading and activate relevant vocabulary.	Ask students to look at the title and the teacher introduces some key words such as 'physical fitness, calories, overweight'. The teacher provides simple explanations. Ask students to read the passage and check whether	T-Ss	Textbook Board	5 minutes

		their predictions are correct.			
While-task 1	To develop students' ability to understand the general meaning of a text.	The teacher asks the students to silently read the text focusing on main ideas. After the students finished reading it, ask them comprehension checking questions.	Ss T-Ss	Textbook	6 minutes
While-task 2	To develop reading-for-specific information skills	The teacher introduces activity 1. Students individually go through the text again and find answers for the questions. Check answers	Ss Ss-Ss	Textbook	9 minutes

		with the whole class.			
While-task 3	To develop students' ability to infer word meaning from the context.	The teacher asks the students to complete the activity. The teacher explains the students that 'synonyms are words that have similar meaning to given words.' Students find synonyms from the text. The students compare answers in pairs.	Ss-Ss	Textbook	5 minutes
Post-task Activity 3	To develop vocabulary awareness by identifying words with opposite meaning.	The teacher explains that antonym is a word with opposite meanings. Students find words from the	T-Ss	Textbook	5 minutes

		text opposite in meaning to the given words. (useless, healthy, disadvantage) Discuss the answers with whole class.			
Post-task	To connect the reading with students' own experiences and assess comprehension.	The teacher discusses the importance of exercises. Briefly reinforce the message that exercise can be enjoyable and does not necessarily have to be tedious.	T-Ss	Board	7 minutes

Topic- Reading and writing: Giving Instructions

Name of the teacher	HS/TE21/0003
Class	Grade 9
Date	02/10/2026
Time	40 minutes
No. of students	44
Classroom profile	The lesson is designed for a grade 9 mixed-ability English classroom. Students are approximately 13-14 years old. The students have basic knowledge of sentence construction and common vocabulary but may need support when producing grammatically accurate sentences independently.
Rationale	Reading and writing are crucial language skills. Students should master the reading and comprehension skills, as well as writing at an early age. Thus, this lesson aims to provide the students the opportunity to read a given text and respond to it.
Main aim	By the end of the lesson, students will be able to understand short descriptions related to health and hygiene, arrange jumbled sentences logically, and write clear instructions on how to prevent dangerous mosquitoes from breeding rapidly.
ILOs	By the end of this lesson, the students will be able to, • Understand the main ideas in short descriptions.

<table>
<tr><td colspan="2"></td><td colspan="4">• Identify key information related to personal hygiene, immunization, healthy lifestyle, and physical/ mental well-being.</td></tr>
<tr><td colspan="2">Personal aims</td><td colspan="4">• To give clear and simple instructions.
• To encourage students to participate actively in reading and writing tasks.
• Help students construct grammatically accurate sentences independently.</td></tr>
<tr><td colspan="2">Skills integrated</td><td colspan="4">Reading, writing, speaking</td></tr>
<tr><td colspan="2" rowspan="2">Anticipated problems and solutions</td><td colspan="2">Problem</td><td colspan="2">Solution</td></tr>
<tr><td colspan="2">• Students may struggle to arrange the jumbled words.
• Students may copy the vocabulary list without producing meaningful instructions.</td><td colspan="2">• Demonstrate one example on the board and identify the subject, verb, and other parts of a sentence.
• Ask students to use the vocabulary to create complete instructions related to mosquito prevention.</td></tr>
<tr><td>Stage</td><td>Stage aim</td><td>Procedure</td><td>Interaction pattern</td><td>Materials</td><td>Time</td></tr>
<tr><td>Lead-in</td><td>To activate students’ prior knowledge.</td><td>The teacher starts a conversation with students based on</td><td>T-Ss</td><td></td><td>4 minutes</td></tr>
</table>

		mosquitoes. The teacher asks students about breeding of mosquitoes, how to prevent mosquitoes from breeding.			
Pre-task	To introduce the context and activate vocabulary needed for the activities.	The teacher directs the students to the short descriptions in activity 9. Students read the descriptions quickly. The teacher asks comprehension checking questions. Then introduce the idea of instructions.	T-Ss	Textbook	8 minutes
While-task 1	To develop reading comprehension and identify key information.	The students read the short descriptions again and ask them to identify one	Ss Ss-Ss T-S	Textbook	8 minutes

		important health message from each description. Then, students compare their answers with a partner, while few students are given opportunity to share answers.			
While-task 2	To develop students' awareness of word order and sentence structure.	The teacher gives students the instructions mentioning that the words are not in the correct order and they have to put the words in correct order and make meaningful sentences. After completion, the students	Ss Ss-Ss T-Ss	Textbook Board	8 minutes

		compare answers in pairs. Then, discuss the answers with the whole class.			
While-task 3	To help students recognize and use imperative forms for instructions.	The teacher writes on the board, 'Clean the environment, remove stagnant water, Turn over containers.' Then, underline clean, remove, turn over and explains that these are imperative verbs used to give instructions or commands. Ask students to identify the verbs in the	T-Ss	Board	6 minutes

		vocabulary box: clean, remove, plant, throw, turn over and ask students to orally make one instruction using any verb.			
Post-task	To enable students to apply the language and vocabulary to produce their own instructions.	The teacher asks the students to write five instructions on how to prevent dangerous types of mosquitoes from breeding rapidly. The teacher gives 1-2 brainstorming ideas. Students write five instructions individually, while the	Ss T-Ss	Writing books	6 minutes

		teacher encourages the students to start instructions with an imperative verb. The teacher provides corrective feedback.			

Grade 7

Topic – Compound Nouns

Name of the teacher	HS/TE21/0003
Class	Grade 7
Date	28/09/2026
Time	40 minutes
No. of students	44
Classroom profile	The lesson is designed for a grade 7 English class with mixed-ability learners. The students are expected to have basic knowledge of common nouns and simple vocabulary, but may have difficulty recognizing that two separate words can combine to form a new word with a different meaning.
Rationale	Compound nouns are important for grade 7 students because they expand vocabulary and help students understand how English words are formed and used in everyday communication.
Main aim	By the end of this lesson, the students will be able to identify, form, and use common compound nouns correctly in simple sentences.
ILOs	At the end of this lesson, the students will be able to, • Define a compound noun in simple terms. • Identify compound nouns in examples.
Personal aims	• To provide simple and clear explanation.

<table>
<tr><td colspan="2"></td><td colspan="4">To encourage maximum student active participation.
To monitor students all the time.
To manage 40-minute lesson effectively.</td></tr>
<tr><td colspan="2">Skills integrated</td><td colspan="4">Reading, writing, vocabulary</td></tr>
<tr><td colspan="2" rowspan="2">Anticipated problems and solutions</td><td colspan="2">Problem</td><td colspan="2">Solution</td></tr>
<tr><td colspan="2">Students may not understand what a compound noun is.

Some students may confuse compound nouns with ordinary word combinations.</td><td colspan="2">Begin with very simple and familiar examples such as sun + flower = sunflower
Explain that the two words combine to create a particular noun with a specific meaning.</td></tr>
<tr><td>Stage</td><td>Stage aim</td><td>Procedure</td><td>Interaction pattern</td><td>Materials</td><td>Time</td></tr>
<tr><td>Lead-in</td><td>To activate students' prior knowledge and introduce the concept of compound nouns.</td><td>The teacher writes,
Sun+flower=sunflower
Class+room=classroom
The teacher asks students what they have noticed about the words. Elicit that two words can join to make one compound noun.</td><td>T-Ss</td><td></td><td>5 minutes</td></tr>
<tr><td>Pre-task</td><td>To introduce the meaning and forms of</td><td>The teacher explains, 'A compound noun is a noun, made from two or more words.' Explains</td><td>T-Ss</td><td>Board
Chalk</td><td>10 minutes</td></tr>
</table>

	compound nouns.	that compound nouns can be written as one word, two words, or with a hyphen. Students are encouraged to give examples they already know.			
While-task 1	To practice forming compound nouns by matching words.	Students look at the activity 8. Teacher demonstrates the first item: railway+station=railway station The students find answers with a peer and at last, the teacher discusses the answers with the whole class.	Ss-Ss T-Ss	Textbook	10 minutes
While-task 2	To use compound nouns appropriately in context.	Students complete the 5 sentences in the activity 8 (B). The teacher reminds to look at the meaning of each sentence. Students compare the answers with a peer. Teacher checks the answers orally.	Ss-Ss T-Ss	Textbook Writing books	10 minutes

Post-task	To develop students' ability to independently form compound words.	Students complete selected items from activity 9. Students first work individually and then compare answers in pairs. The teacher checks the answers.	Ss -Ss T-Ss	Textbook Writing book	5 minutes

Topic - Prepositions

Name of the teacher	HS/TE21/0003
Class	Grade 7
Date	29,01/09/2026
Time	40*2 minutes
No. of students	42
Classroom profile	This lesson is designed for a Grade 7 mixed-ability English class. The learners have basic knowledge of common nouns, verbs, and simple sentence structures, but they may have difficulty selecting the appropriate preposition according to the relationship between two objects or the direction of an action.
Rationale	Prepositions are essential for communicating where people and objects are located and how people or objects move. For Grade 7 learners, understanding prepositions through isolated definitions can be difficult. Therefore, this lesson presents prepositions through visual and contextual learning.
Main aim	By the end of the lesson, students will be able to identify and use common prepositions of place and movement accurately in simple spoken and written sentences.
ILOs	By the end of the lesson, students will be able to, 1. Identify common prepositions in simple sentences.

<table>
<tr><td></td><td colspan="2">2. Explain the basic meaning of selected prepositions using examples.</td></tr>
<tr><td>Personal aims</td><td colspan="2">To manage time effectively.
To encourage learners to provide answers.
To encourage active participation from the majority.</td></tr>
<tr><td>Skills integrated</td><td colspan="2">Reading, writing, speaking</td></tr>
<tr><td rowspan="2">Anticipated problems and solutions</td><td>Problem</td><td>Solution</td></tr>
<tr><td>Students may confuse above and over.
Students may know the words but struggle to use them in sentences.
Students may give one-word answers instead of complete sentences.</td><td>Use physical objects/pictures and explain that above mainly indicates position, while over can indicate position or movement across/above something.
Provide sentence frames such as “The ___ is ___ the ___.”
Model complete responses and remind them to use the sentence pattern.</td></tr>
</table>

Stage	Stage aim	Procedure	Interaction pattern	Materials	Time
Lead-in	To activate prior knowledge and introduce the concept of position.	Teacher places a book on a desk, under the desk, next to a bag and inside the bag. Ask: "Where is the book?" Students answer. Teacher repeats the activity with several objects. Introduce the term preposition and explain that prepositions tell us about the position, place, or movement of something.	T-Ss	Books	8 minutes

Pre-task 1	To introduce the meanings and uses of common prepositions.	The teacher asks several students to come to the front and read the conversation given at the beginning of unit 9. The students read the conversation paying attention to words given in bold letters.	T-Ss	Textbook Board Chalk	12 minutes
Pre-task 2	To check students' understanding before controlled practice.	Teacher asks students to find out the words in bold letters. The teacher writes down the words which are elicited by the students. Meanwhile,	T-Ss	Textbook	12 minutes

		the teacher shows pictures with sentences to describe prepositions. (see appendix 2)			
While-task 1	To identify prepositions from visual contexts.	Students look at the pictures on the textbook page. (see appendix 3) Teacher points to each picture and asks students to describe what they see. Students identify appropriate prepositions. Teacher elicits complete sentences such as “The aeroplane is	T-Ss	Pictures on the textbook	15 minutes

		flying above the clouds."			
While-task 2	To practice selecting appropriate prepositions in context.	Students complete the eight sentences in the textbook individually. They then compare answers with a partner. Teacher checks answers with the whole class and asks students to explain why they selected each preposition.	Ss Ss-Ss T-Ss	Textbook Writing books Pens	15 minutes
While-task 3	To reinforce prepositions through physical movement.	Teacher gives instructions: "Stand next to your chair." "Put your book under your	T-Ss		12 minutes

		desk." "Move behind your chair." "Put your pen on your book." "Raise your hand above your head." Students follow the instructions. Then selected students give instructions to classmates.			
Post-task 1	To apply prepositions in meaningful spoken communication.	Teacher displays/uses the large picture from Activity 5. Students work in pairs. They use the given words: near, into, up, down, over, below, next to, above to describe the picture.	Ss-Ss	Picture from activity 5	10 minutes

		Teacher models one or two sentences first.			

Topic – Pluralization

Name of the teacher	HS/TE21/0003
Class	Grade 7
Date	02/10/2026
Time	40 minutes
No. of students	42
Classroom profile	This lesson is designed for a Grade 7 mixed-ability English class. Students have already encountered singular and plural nouns in basic English, but some may have difficulty applying different spelling rules when changing singular nouns into plural forms.
Rationale	Understanding plural formation is important because students need to use nouns accurately when speaking and writing about more than one person, animal, place, or thing. Rather than asking students to memorize individual plural forms, this lesson introduces patterns and rules that help them form plurals systematically.
Main aim	By the end of the lesson, students will be able to form and use common plural nouns correctly by applying appropriate pluralization rules.
ILOs	At the end of the lesson, students will be able to, 1. Explain what a plural noun is. 2. Identify singular and plural nouns.

<table>
<tr><td colspan="2">Personal aims</td><td colspan="4">To explain pluralization rules clearly and simply.
To use examples that are familiar to Grade 7 students.
To help students notice patterns rather than simply memorize answers.
To Encourage students to participate actively.</td></tr>
<tr><td colspan="2">Skills integrated</td><td colspan="4">Reading, writing, speaking</td></tr>
<tr><td colspan="2" rowspan="2">Anticipated problems and answers</td><td colspan="2">Problem</td><td colspan="2">Solution</td></tr>
<tr><td colspan="2">Students may add -s to every noun.

Students may have spelling difficulties.</td><td colspan="2">Present the four rules side by side and give contrasting examples such as city → cities and toy → toys.
Write each transformation on the board and highlight the changed letters.</td></tr>
<tr><td>Stage</td><td>Stage aim</td><td>Procedure</td><td>Interaction pattern</td><td>Materials</td><td>Time</td></tr>
<tr><td>Lead-in</td><td>To activate students' prior knowledge of singular and plural nouns.</td><td>Teacher holds/shows one pen and asks: “What is this?” → a pen. Then shows two pens: “What are these?” → pens. Repeat with one book/two</td><td>T-Ss</td><td></td><td>5 minutes</td></tr>
</table>

		books and one leaf/several leaves. Write leaf → leaves on the board and ask students what has changed.			
Pre-task	To introduce the four pluralisation rules.	Teacher explains the four rules using the textbook examples. Rule 1: school → schools. Rule 2: city → cities. Rule 3: toy → toys. Rule 4: leaf → leaves. Students repeat examples and identify which rule each example follows.	T-Ss	Board Marker pens	10 minutes

While-task 1	To practice applying the rules to individual nouns.	Teacher writes 8 singular nouns on the board: book, class, city, baby, toy, boy, leaf, knife. Students write their plural forms individually. They compare answers with a partner. Teacher checks answers and asks students to identify the rule used.	Ss Ss-Ss T-Ss	Board Chalk	12 minutes
While-task 2	To apply pluralization rules in context.	Teacher introduces the word bank: half, life, shelf, handkerchief, leaf, wolf, loaf, knife. Students read the sentences	Ss Ss-Ss T-Ss	Textbook	7 minutes

		and choose the appropriate plural forms. Students complete the five sentences individually, then compare answers. Teacher checks orally.			
Post-task	To develop students' ability to independently form plural nouns.	Teacher divides students into pairs. Each pair receives or is given singular words. Students change them into plural forms and identify the rule. Example: city → cities; toy → toys; loaf → loaves. Pairs receive	Ss-Ss	Singular and plural nouns	6 minutes

		points for correct forms.			

Appendices

Appendix 1: Pictures of real objects
